

CAR CARE FOR CLEANER AIR

**As few as 10% of vehicles on the road
cause nearly 50% of the pollution!**

KNOW THE FACTS

A well-maintained vehicle with 50,000 miles on it **pollutes only 40% as much** as the same vehicle when poorly maintained.

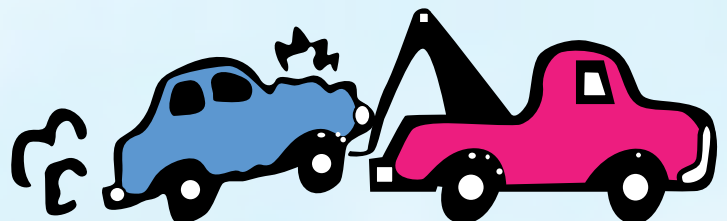

A well-maintained vehicle is safer and **helps protect you and your family**. About 5% of all accidents are caused by vehicle neglect.

A well-maintained vehicle **saves you hundreds of dollars each year** by avoiding major repairs in the future.

A well-maintained vehicle is **less likely to break down** on the highway.

For further information about how routine car maintenance can protect you and the environment, contact Green Star at 907-278-7827 or visit us on the web at www.greenstarinc.org.
